QUESTION: Does your group consider Rick to be a "good" or a "bad" guy? In MY view, he appears to have been acting in GOOD FAITH for an officially sanctioned segmented release program; is that CORRECT OR INCORRECT?

INSIGHT: OK, I understand what happened now. The IMPOSTER postings have been coming from three (3) individuals in the State of Arizona, two (2) alternates selected for "Project SERPO" [16 selected / 12 chosen = 4 alternates] and "Mr Hero." Rick met with one of the alternates, but NOT "Mr Hero" himself.

FAST FACT: I have a VERY good memory for my 50 years,... yes, I remember the "administrative law judge." I worked with them back in 1983,... GS-15/16 Administrative Law Judges at the old US INS!

UNMASKED: Yes, I know of your "mysterious benefactor": Ret Adm Bobby Ray Inman, but I HAVE NEVER DISCLOSED his name to anyone though, in the ORIGINAL POSTINGS, his name was disclosed to me, but I made the "executive decision" to place "X's" over it.

He's friends with Hal Puthoff and actually helped Hal secure funding for a project Hal's company was working on. Kit also has had dealings with him, but I forgot in what capacity.

LOS ANGELES: Short of a doctor's appt or a court appearance (I might be called for Grand Jury duty of all things!), I'll REARRANGE my schedule to accommodate YOURS. Besides

how 'bout Houston's in Pasadena for the FINEST slab of baby back ribs in the US of A?!

QUESTION: Have you seen/picked up the current Feb/March '06 issue of UFO Magazine with the "Project SERPO" special splashed all over the front cover?! I have PLENTY of extra copies! –

Victor,

Do not fear. The posting on the website was done at MY direction. You are not fully briefed as to the situation. Now is the time for that briefing, my friend. We'll be laughing about all the blossoms in just a few short weeks.

First, I have now confirmed through my own intelligence sources Rick Doty has always been the conduit for the information that is being disclosed. I am a gatekeeper. I only control access to information on the ground – that was left to OTHERS. Remember Victor, I am the one with the keys to the vault, but I do not go in and sort through the valuables. I have to trust others to handle the information, pass it through their intermediaries, and then to the conduit that reached you.

That plan worked well until late December when I was told that access would be suspended while the judges made their decision. I was not aware that I already told you of the administrative hearing our case for selective declassification – or did I? You surprise me sometimes, Victor.

We had little support amongst the politicians for this plan, but I also have an anonymous benefactor with exceptional reach. He has managed to persuade Scowcroft into pressuring Stevens to have my suspicions that this benefactor is very closely watching what is happening with the information. I have an inkling as to who he is, but perhaps that's something we can work on to ensure that would exist at a level of access we mortals would not have – I suspect he is an emissary of the elite powerbrokers. One of them must be on our side and their intelligence sources are the best.

Our concern arose when Doty, the conduit, appears to have continued disclosure after access ceased. We do not know whether he, or another source, was providing information to control our orders. That was very damaging to us, as we were accused of violating the panel's directive. We suspected that another group was working against us and that the conduit was aligned with them. I have my doubts, but will permit this to continue through Doty. As you may suspect, I anticipate that the gate will reopen soon.

So, as you can see, you have been deceived and at the same time not deceived. I am your ultimate source of information, but I am not the anonymous party that supplied it to you. Make no mistake, dear friend. The responsibility for this operation lies with me and me alone. The instruments of this operation are those with whom you interact.

This brings me to the poster on the message board today. As you should have expected, I do not rely solely on those whom I cannot see and should not speak with. I have my own procedures within the online community. As there can be no electronic trail of breadcrumbs between the operatives disseminating the information and MY office.

Nevertheless, I elected to get Mr. Ryan's attention, in anticipation that it would evoke a reaction – we have concerns that Mr. Ryan has his own agenda, as there was no instruction ever given to our chosen source of publication – YOU. I also suspected that a number of the participants on that discussion forum were operatives and needed to flush them out. If you receive any interesting information or Rick Doty in the coming days, I would be very interested to read it, particularly now that I am aware from your letters that Bill Ryan did take the bait – something you must NEVER pass up.

In our situation Victor, I can trust only you to continue to maintain certain confidences. Now that you are aware that we are taking direct control of this operation, including participation in the online forums (a job we are well-suited to handle), you must commit to this confidence.

Once we are cleared to resume official access to the documentation, you will again begin receiving postings from an anonymous source. I will provide you with clear instructions as to how to handle the time. We will no longer rely on a compartmentalized access and distribution mechanism. Of course, at that time, we will no longer need to.

I shall schedule another visit to Los Angeles soon. I am anxiously anticipating that burger. After the blossom bloom though!

We have a MAJOR security breach here.... let's discuss this ASAP! I did NOT EVER compromise your identity.... my guess is that this is the IMPOSTER at work here! He can't post through Rick because he doesn't want to be used as the pass-through any longer, so the IMPOSTERS are doing it themselves!

FORGET about the cherry blossoms for now! –

'9-11' ALERT! My WebTV can't "see" what you're seeing.... where is it?! You MUST send me the four (4) posts or whatever number there are.... this is an IMPOSTER!

My guess is, is that they can't use you nor Rick as a conduit anymore, so they've taken my streams and are posting directly to online forums,

but it's NOT the real ANONYMOUS,... ask Kit or Hal if you have any doubts of what I'm saying!

No, THIS is bad! Do it now so I can send it to him ASAP! -

Guys, there is someone who is posting on this forum:

<http://lucianarchy.proboards21.com/index.cgi?board=projectserpo>

...who is calling himself wizardofzin and says his name is Sylvester.

He's made four posts: q.v. pp.54-56 of the main Serpo discussion thread.

Best, Bill
