This guy sounds like an idiot, but he scored a bullseye on one account.
Hopefully he'll think now of Paul  McGovern who works as a cons for E
Systems in the area I cited. Let him chase ghosts! —

1) No, it's not Inman; too busy with his company.  The guy controlling
the project works as a consultant in the Arlington, VA area.

2) POSTINGS #1 - #11 came from the "real" ANONYMOUS.

3) POSTINGS #12 #13 and #15 came from an IMPOSTER and have truth and
disinformation mixed in; they came via FedEx and FTP access into the
SERPO.org Web site.

4) POSTINGS have yet to resume pending the decision of an
administrative
law judge; any posting postings you see in the meantime are BOGUS.

I can read and a last question of previous post wasn't asked yet.. but its up to you, I don't ask that question again.
My question today is... to UFO Magazine you mentioned former government official, which name would be known to 99.99 percent. Can you tell me who is? {Maybe Bobby Ray Inman, bu
personal wild guess}. If he so well known, than it must be a big push to Serpo story. I am not an ufologist and I don't try to call him or publish his name on internet or write a book about h
to collect facts for myself. Like all information, which you posted directly to me I assure confidence.
This is like a detective. It doesn't matter if this story true or hoax. It is very interesting, like you said it is ENTERTAINMENT.

This a questions I left behind, so I wanted to ask this time. Anyway thank you for openness.

  Now I have clearer picture all of this :). There is one thing, which I want to tell you. I don't know, maybe you know this situation already. It is a long post, so it will take time. This messag

  "The point is that many many many posts by Bill Ryan state he received email from Anon or received from Victor and now he is publically stating that was never the case. That Anon alw

  Apparently, Bill placed a Anon put here folder on the website so that Anon could put the information in the folder to be later formated into the appropriate space on the website or to be o

  Thereby not only skirting the IP header information of the contact form, which I checked which one he is using and is capable of IP tracking of posters, but also of receiving email for An

  was no LNL email and there was no email address that Bill attempted to send emails to in so many variations but they all bounced back."

  So, the question is... Did Bill Ryan get **original** posts directly from you or your anon and than he editted them, or just get **not original** edited posts with withheld names and etc.. from y
  Other thing. Did anon tell location himself or was traced from ip? If from ip, than there is a big possibility, that he sent posts #1 - #11 from internet caffe or used a proxy server to spoof i
  I don't want to bother you, but these questions are very important. Good luck.

    Oh, OK, I understand the reason for your question. The ANONYMOUS source
    Bill was dealing with for POSTINGS #12 #13 and #15 were imposters;
    nothing is to be believed that he posted, though in good faith.

    POSTINGS $#1 - #11 came from the  Washington, DC. area. New postings
    have STOPPED for the time being and hopefully will resume soon.
